## Hamlin Selected As One of Schools To Take Part in Nationwide Survey

The Hamlin school system has been selected as one of the schools that will take part in the nationwide Educational Opportunities Survey to be carried out under a directive from Congress. It will reach a sample of about one million children and almost 6,000 schools. The Survey will attempt to learn how various factors in American schools affect the educational performance of children of various racial and socio-economic backgrounds.

Pupils in grades 1, 3, 6, 9, and 12 in selected schools will complete questionnaires and take tests on September 28 (30). An unusual feature of the testing is that children will not be identified by name. All teachers in the selected schools will complete a questionnaire to describe their education and teaching experience. Principals and superintendent will complete questionnaires to describe the school facilities and programs.

## County Joins Taylor, Callahan In Hiring Probation Officer

Jones County Commissioners Court Monday were a little reluctant to join Taylor and Callahan counties in the employment of a probation officer. Rather, they expressed the desire to employ a Jones County man on a part time basis if possible.

However, after lengthy discussion the court voted to go along with the other counties on a temporary basis.

Under provisions of the new criminal code, a probation officer is required. One phase of the code, dealing with county court, went into effect Aug. 30. The other part, concerning felony cases, becomes effective Jan. 1.

There will be no more suspended sentences under the new law. Rather, the defendants found guilty who are deemed worthy of a second chance will be placed on probation for the period of their sentence.

In preparation for this new procedure, County Judge Leon Thurman met recently with Taylor County Judge Roy Skaggs, Callahan County Judge Byron Richardson and judges of the two district courts in the area, Owen Thomas of the 104th court and Judge J. R. Black, 42nd district court.

At this conference a proposal was worked out whereby Jones and Callahan counties would share the cost of Taylor County Probation Officer Richard Keathley. From now until Jan. 1, Jones and Callahan counties would pay \$50 to help for secretarial help for Mr. Keathley.

## Pipers to Try Antelopes At Post Friday Night

The Pied Pipers will be trying to rebound from their 13-0 loss to Olney last week when they travel to Post Friday night for their third game of the season.

Both teams will be taking identical records into the contest with both teams having won their opener and losing their second encounter. Post lost a close one this past week to Ballinger, 12-7.

This will be the third time for these two teams to meet in as many years with Hamlin having come out on top the first two meetings.

The two teams have not played a common foe this season with Post defeating Floydada in their opener while Hamlin was downing Rotan, 18-6.

The Post Antelopes use a

split end formation and flip flop their line. According to scouting reports their split end, Ayala, a fast 140 pounder, is a big threat on the long pass as he has enough speed to beat out the secondary and go all the way.

Birch Lobban, a 175 pound,

6 ft. 2 in. left handed quarterback leads the Antelope attack. Their best running back is their 170 pound halfback Sam Sims.

Probable starters for the Antelopes will be: Lobban at quarterback; 140 pound Ruben Solis at wingback; 160 pound Jimmy Bartlett at fullback; Sims at halfback; 200 pound Jack Huff at center; 170 pound Joe Hudman and 160 pound Don Cornell at the guard positions; 180 pound Finnis Corley and 170 pound Filemon Vargas at the tackle positions; 170 pound Donnie Windham and Ayala at the ends.

On defense the Antelopes bring end 160 pound Clyde Cash at cornerback to replace Corley. Their top defensive men are their middle line-backers Sims and Vargas.

FAIRVIEW NEWS

By Mrs. Elmer Joiner

Just hot and hotter is all the weather news in sight this Monday morning. We are looking with great anticipation for that first cool norther, which usually arrives about this time, but so far we haven't even had an early evening flurry. Just still, hot, until night brings a little relief. It seems that with Hurricane Betsy doing so much damage so near that we would at least have some rain, but we haven't even had any clouds.

Mr. and Mrs. Joe Ford finally celebrated that day they have been looking forward to for fifty years, celebrating their Golden Wedding Anniversary. Their friends and relatives called on them in the home of their son Mr. and Mrs. Joe E. Ford, Sunday afternoon, from two to four, happy with them for their long life together. Since there will be a write up in another part of the paper we will not say any more about the affair, but all of us from Fairview do wish them many more happy years together.

Rev. M. E. Randolph, a former pastor, was in the H. L. Ford home for awhile, Friday afternoon, and it seems that he had a big grin from ear to ear, over the fact that he is now grandpa. Their younger daughter, Sandra, who is now Mrs. Jerry D. Burrow, gave birth to a fine baby boy, last Tuesday in an Abilene hospital. Since the Randolph children are both girls, we know that they are especially proud of the little boy.

Mr. and Mrs. Jimmy Joiner and children were Friday night and Saturday visitors, in the Hamlin vicinity.

The Winslow Gray family had all of their family in church with them Sunday morning and we don't blame them for looking proud as a peacock, for they are a good looking crowd. Mr. and Mrs. Marvin Johnson, Bruce and Barry, Amarillo; Mr. and Mrs. Doyal Bills and little daughters, Houston; Dorothy, from Amarillo, made up the family. Also with them was a friend of Dorothy, Marion George, also of Amarillo. They all returned home but the Bills, who are on vacation and will be here longer.

There were so many of our Hamlin folks in Anson, Saturday night, for the Maid of Cotton Queen contest that it isn't news to tell who went. We were proud of our town for the interest they took in the contest. Even though we didn't get the queen, Pat Pope of Hamlin, was second runner-up. Having worked at the fair so much myself, in the past and head of a section that just "isn't" any more until there is a cooler place to have it, it makes me happy to see Hamlin participating in the Fair, for as I have said manytimes before, it is a county wide affair, not just for Anson.

Another thing, we of the Home Demonstration Clubs, are crowing about is the fact that the Jones County booth won first place at the West Texas Fair in Abilene, which gives a prize of eighty-five dollars. The booth was arranged under the Three E committee, with Mrs. Cal McAnich, of Merkel, as chairman and with Mrs. Mary Newberry also assisting. If you go to the fair after the paper comes out, look for the Jones County booth.

Was in Abilene last Thursday afternoon, where I drove Mrs. Lois Hampton to the Center, for a treatment. She goes every Thursday and her friends will take over to see that she gets there, since her daughter, Mrs. Lee Harrison, of Winters, is in school work again. It is such a pleasure to go to the Rehabilitation Center and see what they are doing for so many unfortunate people, and especially what they have done for Mrs. Hampton. So many people are hesitant about going to a place like that, but to me the wonderful work they do there makes up for all the pitiful sights you do see, just makes you thankful for such a place in our vicinity.

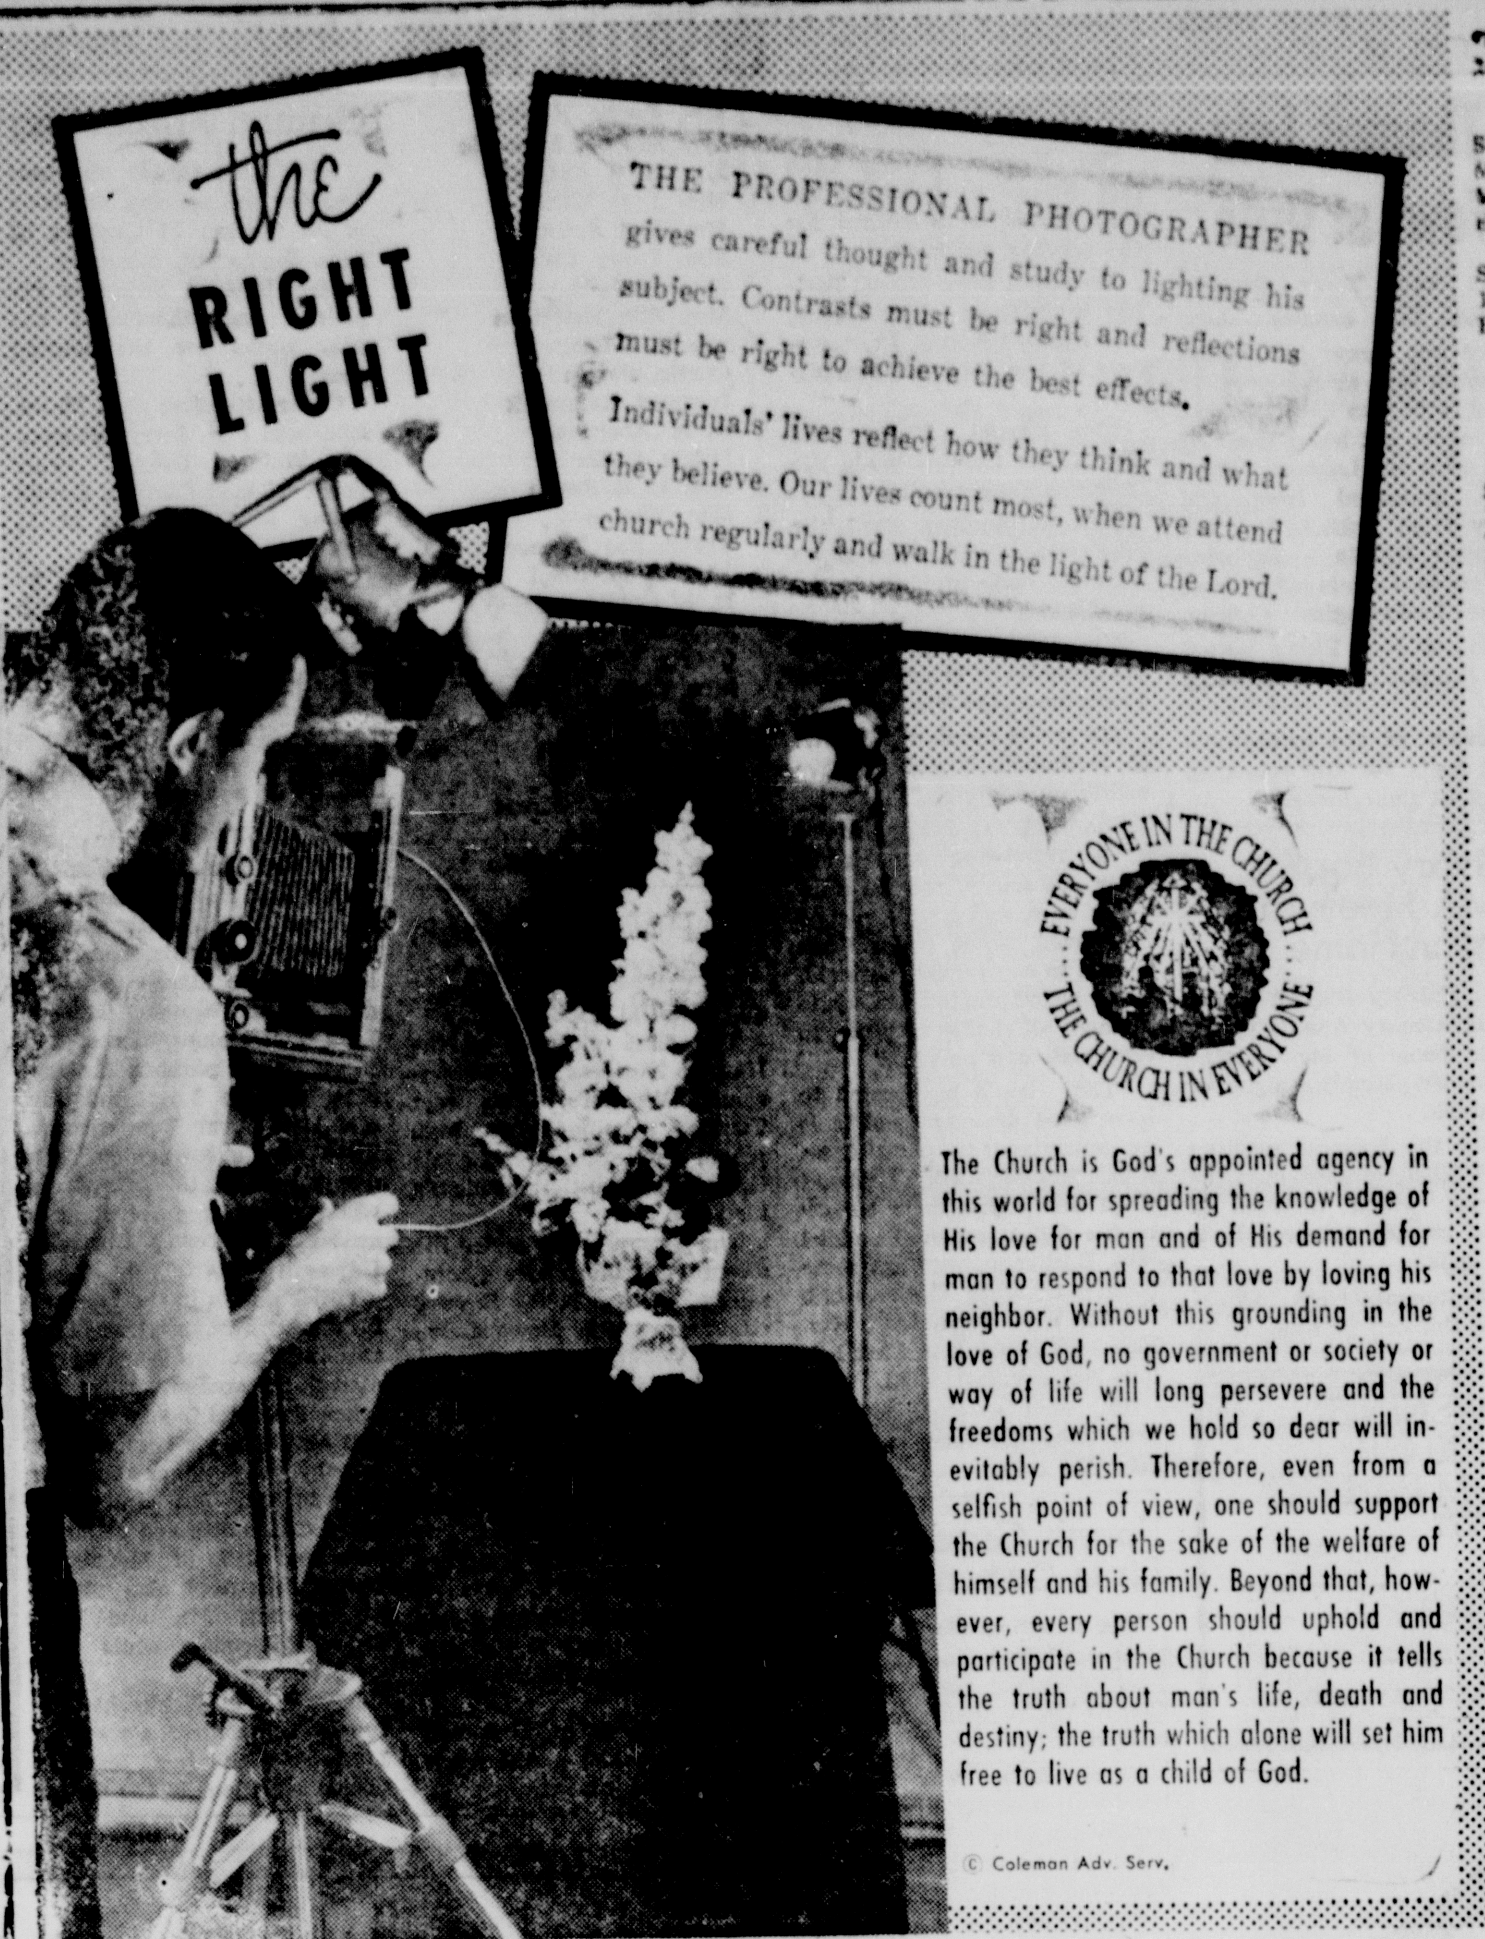

Was good to see the Jack Wrights in church Sunday night, have missed them since they moved to Abilene.

**BIRTHS**

Mr. and Mrs. Thomas Henry Crabb are parents of a boy, Thomas Walter, born Sept. 8, at 9:37 p.m. 8 lbs. 2 oz.

Mr. and Mrs. Callens George are parents of a girl, Trecla Kay, born Sept. 9 at 9:26 p.m. She weighed 9 lbs. 6 oz.

Mr. and Mrs. Benny Dale Fitzgerald of Aspermont are parents of a boy, David Lawrence, born Sept. 10 at 2:44 p.m. weighing 9 lbs. 1 oz.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## Motorists Must for Stopped Buses

With the coming of September the movement of thousands of pupils starts to and from Texas public schools. About one out of five of these children ride a school bus. The safety of these pupils is of the utmost importance and each motorist has a responsible part to play.

The motorist traveling Texas highways is reminded that upon meeting or overtaking from either direction any school bus which is stopped for receiving or discharging children, he shall stop his vehicle. He may then proceed past the bus at a prudent speed not to exceed 10 miles per hour.

Drivers of motor vehicles are urged to exercise due caution each time they approach one of the well-marked buses painted the familiar "school bus yellow." Cooperation of motorists with bus drivers and local school officials may help save the lives of one of the 450,000 pupils that will likely be riding Texas school buses during 1965-66.

# Neinda Philosopher Claims Small Towns Will Outlast Cities Because of Rusting Water Pipes

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 is optimistic about small towns, his letter this week indicates. Dear editor:

Every once in a while there's a move on in this country to do something to "save the small towns," and while I doubt there's anything that can be done to keep a town from going under if it's being abandoned anyway, I have looked around in a very limited way and can't find any that are disappearing.

I'll admit some towns aren't what they used to be, but a lot of them never were in the first place. On the other hand, most of them are better off today than they were 25 years ago, but if they're smart they'll keep this to themselves and let the cities keep on growing and multiplying their problems.

As a matter of fact, the more I read of the problems of big cities the more I doubt they'll outlast the towns. Just be-

cause a man is growing fat doesn't mean he's going to live longer.

Take just one aspect of big city life you don't hear mentioned much: plumbing. I never have seen a water pipe that'd last forever, at least one won't around this Johnson grass farm, and have you ever stopped to think what the cities are going to be faced

## Annual Prison Rodeo First Sunday In October

Huntsville — For the nearly 13,000 inmates of the Texas Department of Corrections the annual Texas Prison Rodeo held here in the prison stadium each Sunday in October is more than just a top-flight entertainment feature.

Most of the inmates know that rodeo ticket sales mean spiritual, educational, recreational and medical service not allocated by the Texas Legislature.

They know, also, that because of the rodeo, the Texas Department of Corrections is able to carry on a full scale rehabilitation program designed to help inmates prepare for the day when they will be either paroled or discharged from prison.

That's why they work doubly hard to make certain that the Prison Rodeo will always be the type of entertainment which will attract record crowds at each performance.

The 1965 Prison Rodeo series, in addition to highlighting the best inmate talent in rodeo contest and entertainment, will also feature the nation's foremost television and recording stars.

On October 3rd, Tennessee Ernie Ford will be guest star, followed by Dizzy Dean on October 10th, Rodger Miller on October 17th; Brenda Lee on October 24th, and Jimmy Dean on October 31st.

Reserved seat tickets are now available and may be obtained by writing Prison Rodeo Office, Huntsville, Texas, 77340. Tickets are priced at \$2.40, \$3.75, \$4.40 and \$4.95. Ticket orders must include either check or money order.

The 34th Annual Texas Prison Rodeo begins at 2 p.m. and lasts two hours. A special pre-show program by inmates begins at 1 p.m.

## Holiday Lodge Observes Nursing Home Week

Texas Nursing Home Week, Sept. 5-11, was observed here at Holiday Lodge last week. Special entertainment was a part of the observance.

Thursday evening a string band from Stamford entertained the residents and a good number of visitors.

Friday morning the Hamlin High School Band gathered at the front of the building for a brief concert under the direction of Tim Jones.

On Tuesday last week Ruth Perryman, L. V. N. and Mrs. Mickey McGuire attended the

area meeting held in Abilene. Four junior high girls have organized a group called the Blue Checkers and they will do volunteer work at the Lodge about three afternoons each week.

The girls, Rochelle Kincaid, Peggy Jones, Grace Carter and Linda Witt, will later have blue checked uniforms. They are planning to fill water pitchers, visit with and read to the residents, do some letter writing and other things to make the residents happy and comfortable.

Mrs. G. W. Kincaid is sponsor for the group.

# Olney Stricks Early for 13-0 Win Over Pipers

A 75 yard opening kickoff return put the Pied Pipers in a hole that they never were able to recover from here Friday night as they lost to Olney, 13-0.

Halfback David Furr fumbled the opening kickoff around for awhile and then raced 72 yards to pay dirt with only 13 seconds gone on the clock. Olney picked up another score early in the second quarter on the only pass completed in the game.

The Pipers stayed in the ball game all the way but were unable to drive across a score. They managed to get down to the three late in the fourth quarter but could not make the threat good.

The Pipers controlled the ball most of the second half gaining 62 yards and four first downs to Olney's 27 yards and two first downs. Hamlin ran 53 plays in the ball game to Olney's 47.

Following Olney's opening score with Tackle Dale Jackson kicking the point after, Hamlin moved down to the Olney 30 before their drive stalled.

Neither team threatened during the balance of the first period with the teams exchanging punts and Hamlin recovering one fumble.

On the last play of the first quarter, Olney opened up their scoring drive that carried them 69 yards in 10 plays and the help of a 15 yard penalty against the Pipers. Quarterback Randy Barr passed to Furr for the score from five yards out. The extra point try failed.

Hamlin moved back to the Olney's 35 before giving up the ball on downs. Olney ran the ball back to the Hamlin 39 in eight plays with Hamlin taking over at that point. Tommy Ferguson tried a long pass on the last play of the half only to have it intercepted by Barr who raced 68 yards to the double stripe but a holding penalty against the Cubs nullified the play and the two teams went into the dressing room with Olney owning a 13 point lead.

Hamlin worked the ball down to the Olney 42 following the kick off with James Ledbetter punting 40 yards to the Olney six. A penalty and lost yardage forced the Cubs to punt their own one with Hamlin taking over at the Olney 27. Hamlin failed to gain but two yards in four plays and Olney took over again at the 25.

Olney punted once and fumbled twice with Hamlin punting twice and ending up on the Olney 30.

Hamlin picked up two first downs and 25 yards in six plays. From this point the Olney defense stiffened and the Pipers were thrown back to the 13.

Olney ran the clock out to protect their 13 point lead.

A graduate of North Texas State College, he was presented an honorary Doctor of Divinity Degree from McMurry College, August 18, 1960. He has pastored churches at Fallett, Rocky, Throckmorton, Floydada and Andrews. In 1961 he was named District Superintendent of the Pampa District. In 1964 he became the Abilene District Superintendent.

Rev. Dornon served last year as president of the McMurry Chanters, and is now working part time at Aldersgate Methodist Church in Abilene. He plans to enter the seminary in Berkeley, Calif., following his graduation in January. His home is Oceanside, Calif.

## Pipers to Try Antelopes At Post Friday Night

The Pied Pipers will be trying to rebound from their 13-0 loss to Olney last week when they travel to Post Friday night for their third game of the season.

Both teams will be taking identical records into the contest with both teams having won their opener and losing their second encounter. Post lost a close one this past week to Ballinger, 12-7.

This will be the third time for these two teams to meet in as many years with Hamlin having come out on top the first two meetings.

The two teams have not played a common foe this season with Post defeating Floydada in their opener while Hamlin was downing Rotan, 18-6.

The Post Antelopes use a

split end formation and flip flop their line. According to scouting reports their split end, Ayala, a fast 140 pounder, is a big threat on the long pass as he has enough speed to beat out the secondary and go all the way.

Birch Lobban, a 175 pound,

6 ft. 2 in. left handed quarterback leads the Antelope attack. Their best running back is their 170 pound halfback Sam Sims.

Probable starters for the Antelopes will be: Lobban at quarterback; 140 pound Ruben Solis at wingback; 160 pound Jimmy Bartlett at fullback; Sims at halfback; 200 pound Jack Huff at center; 170 pound Joe Hudman and 160 pound Don Cornell at the guard positions; 180 pound Finnis Corley and 170 pound Filemon Vargas at the tackle positions; 170 pound Donnie Windham and Ayala at the ends.

On defense the Antelopes bring end 160 pound Clyde Cash at cornerback to replace Corley. Their top d-fensive men are their middle linebackers Sims and Vargas.

## Salvation Army Fund Drive Underway Here

The annual Salvation Army campaign for operational funds got underway this morning with a kick-off coffee and donut meeting at the Southwestern Bell Telephone office, according to Mrs. Kenneth Riddle, campaign chairman.

About 40 people are working to raise the needed \$750.00 goal. Each captain is responsible for five workers and other workers will contact employees of the major Hamlin businesses and institutions.

The funds are used to help people in need of emergency assistance. Last year, school clothing and supplies were purchased, groceries and meals were supplied, lodging, transportation assistance, and 2 boys attended the Salvation Army camp near Midlothian. In addition, the local committee headed by Floyd Clifton cooperated with the state-wide welfare services of the Salvation Army to make possible 11 different services. The major state service is aid to parolees and prisoners and their families, and the well known disaster service.

The major portion of the campaign will be completed this week, according to the campaign chairman.

## Hamlin Selected As One of Schools To Take Part in Nationwide Survey

The Hamlin school system has been selected as one of the schools that will take part in the nationwide Educational Opportunities Survey to be carried out under a directive from Congress. It will reach a sample of about one million children and almost 6,000 schools. The Survey will attempt to learn how various factors in American schools affect the educational performance of children of various racial and socio-economic backgrounds.

Pupils in grades 1, 3, 6, 9, and 12 in selected schools will complete questionnaires and take tests on September 28 (30). An unusual feature of the testing is that children will not be identified by name. All teachers in the selected schools will complete a questionnaire to describe their education and teaching experience. Principals and superintendent will complete questionnaires to describe the school facilities and programs.

Since only a sample of schools and grades will participate in the Survey, individual schools, school systems, and states will not be identified in the reports of the research. Educational Testing Service, Princeton, New Jersey, has prepared and will score the tests, which will be administered by classroom teachers in the schools.

The major value of the Survey will be to learn the relative effect of various school factors on pupil performance. The results of the Survey will be reported to Congress, the President and the public in July, 1966. It is hoped that the report will prove helpful to local boards of education, state departments of education, and state legislatures, as well as to Congress in improving the educational opportunities of America's children.

After Jan. 1, when the work load will become greater, it was estimated that the total cost would run between \$12,000 and \$15,000. In addition traveling expenses and meals are to be provided.

This cost was to have been divided among the three counties with Jones County's share to be 15.4 per cent. This would mean that the officer would cost the county in the neighborhood of \$2,000 a year, depending upon just what the total expense would be.

Judge Thurman pointed out that the law spells out the qualifications for the officer. He must have a college degree, have had experience in probation work, have been a teacher or have been in personnel work. The judge also pointed out that the law says the district judge with the advice and consent of the commissioners court shall make the appointment and set the salary.

In preparation for this new procedure, County Judge Leon Thurman met recently with Taylor County Judge Roy Skaggs, Callahan County Judge Byron Richardson and judges of the two district courts in the area, Owen Thomas of the 104th court and Judge J. R. Black, 42nd district court.

At this conference a proposal was worked out whereby Jones and Callahan counties would share the cost of Taylor County Probation Officer Richard Keathley. From now until Jan. 1, Jones and Callahan counties would pay \$50 to help for secretarial help for Mr. Keathley.

The six classes of vocational agriculture and other FFA members of Hamlin High School attended the West Texas Fair Tuesday, September 14. This served as the annual educational trip for the vocational agriculture classes and the Hamlin FFA Chapter. Ninety-seven FFA members and vocational agriculture students made the trip. They were accompanied by T. C. Blankinship and Milburn Wink, local vocational agriculture teachers and sponsors of the Hamlin FFA Chapter.

Just hot and hotter is all the weather news in sight this Monday morning. We are looking with great anticipation for that first cool norther, which usually arrives about this time, but so far we haven't even had an early evening flurry. Just still, hot, until night brings a little relief. It seems that with Hurricane Betsy doing so much damage so near that we would at least have some rain, but we haven't even had any clouds.

Mr. and Mrs. Joe Ford finally celebrated that day they have been looking forward to for fifty years, celebrating their Golden Wedding Anniversary. Their friends and relatives called on them in the home of their son Mr. and Mrs. Joe E. Ford, Sunday afternoon, from two to four, happy with them for their long life together. Since there will be a write up in another part of the paper we will not say any more about the affair, but all of us from Fairview do wish them many more happy years together.

Rev. M. E. Randolph, a former pastor, was in the H. L. Ford home for awhile, Friday afternoon, and it seems that he had a big grin from ear to ear, over the fact that he is now grandpa. Their younger daughter, Sandra, who is now Mrs. Jerry D. Burrow, gave birth to a fine baby boy, last Tuesday in an Abilene hospital. Since the Randolph children are both girls, we know that they are especially proud

of the little boy.  
Mr. and Mrs. Jimmy Joiner and children were Friday night and Saturday visitors, in the Hamlin vicinity.

The Winslow Gray family had all of their family in church with them Sunday morning and we don't blame them for looking proud as a peacock, for they are a good looking crowd. Mr. and Mrs. Marvin Johnson, Bruce and Barry, Amarillo; Mr. and Mrs. Doyal Bills and little daughters, Houston; Dorothy, from Amarillo, made up the family. Also with them was a friend of Dorothy, Marion George, also of Amarillo. They all returned home but the Bills, who are on vacation and will be here longer.

There were so many of our Hamlin folks in Anson, Saturday night, for the Maid of Cotton Queen contest that it isn't news to tell who went. We were proud of our town for the interest they took in the contest. Even though we didn't get the queen, Pat Pope of Hamlin, was second runner-up. Having worked at the fair so much myself, in the past and head of a section that just "isn't" any more until there is a cooler place to have it, it makes me happy to see Hamlin participating in the Fair, for as I have said manytimes before, it is a county wide affair, not just for Anson.

Another thing, we of the Home Demonstration Clubs, are crowing about is the fact that the Jones County booth won first place at the West

Texas Fair in Abilene, which gives a prize of eighty-five dollars. The booth was arranged under the Three E committee, with Mrs. Cal McAninch, of Merkel, as chairman and with Mrs. Mary Newberry also assisting. If you go to the fair after the paper comes out, look for the Jones County booth.

Was in Abilene last Thursday afternoon, where I drove Mrs. Lois Hampton to the Center, for a treatment. She goes every Thursday and her friends will take over to see that she gets there, since her daughter, Mrs. Lee Harrison, of Winters, is in school work again. It is such a pleasure to go to the Rehabilitation Center and see what they are doing for so many unfortunate people, and especially what they have done for Mrs. Hampton. So many people are hesitant about going to a place like that, but to me the wonderful work they do there makes up for all the pitiful sights you do see, just makes you thankful for such a place in our vicinity.

Was good to see the Jack Wrights in church Sunday night, have missed them since they moved to Abilene.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## Motorists Must for Stopped Buses

With the coming of September the movement of thousands of pupils starts to and from Texas public schools. About one out of five of these children ride a school bus. The safety of these pupils is of the utmost importance and each motorist has a responsibility to play.

The motorist traveling Texas highways is reminded that upon meeting or overtaking from either direction any school bus which is stopped for receiving or discharging children, he shall stop his vehicle. He may then proceed past the bus at a prudent speed not to exceed 10 miles per hour.

Drivers of motor vehicles are urged to exercise due caution each time they approach one of the well-marked buses—painted the familiar "school bus yellow." Cooperation of motorists with bus drivers and local school officials may help save the lives of one of the 450,000 pupils that will likely be riding Texas school buses during 1965-66.

# Neinda Philosopher Claims Small Towns Will Outlast Cities Because of Rustling Water Pipes

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 is optimistic about small towns, his letter this week indicates.

Dear editor:  
Every once in a while there's a move on in this country to do something to "save the small towns," and while I doubt there's anything that can be done to keep a town from going under if it's being abandoned anyway, I have looked around in a very limited way and can't find any that are disappearing.

I'll admit some towns aren't what they used to be, but a lot of them never were in the first place. On the other hand, most of them are better off today than they were 25 years ago, but if they're smart they'll keep this to themselves and let the cities keep on growing and multiplying their problems.

As a matter of fact, the more I read of the problems of big cities the more I doubt they'll outlast the towns. Just be-

cause a man is growing fat doesn't mean he's going to live longer.

Take just one aspect of big city life you don't hear mentioned much: plumbing. I never have seen a water pipe that'd last forever, at least one won't around this Johnson grass farm, and have you ever stopped to think what the cities are going to be faced

## Annual Prison Rodeo First Sunday In October

Huntsville — For the nearly 13,000 inmates of the Texas Department of Corrections the annual Texas Prison Rodeo held here in the prison stadium each Sunday in October is more than just a top-flight entertainment feature.

Most of the inmates know that rodeo ticket sales mean spiritual, educational, recreational and medical service not allocated by the Texas Legislature.

They know, also, that because of the rodeo, the Texas Department of Corrections is able to carry on a full scale rehabilitation program designed to help inmates prepare for the day when they will be either paroled or discharged from prison.

That's why they work doubly hard to make certain that the Prison Rodeo will always be the type of entertainment which will attract record crowds at each performance.

The 1965 Prison Rodeo series, in addition to highlighting the best inmate talent in rodeo contest and entertainment, will also feature the nation's foremost television and recording stars.

On October 3rd, Tennessee Ernie Ford will be guest star, followed by Dizzy Dean on October 10th, Rodger Miller on October 17th, Brenda Lee on October 24th, and Jimmy Dean on October 31st.

Reserved seat tickets are now available and may be obtained by writing Prison Rodeo Office, Huntsville, Texas, 77340. Tickets are priced at \$2.40, \$3.75, \$4.40 and \$4.95. Ticket orders must include either check or money order.

The 34th Annual Texas Prison Rodeo begins at 2 p.m. and lasts two hours. A special pre-show program by inmates begins at 1 p.m.

## Local FFA Chapter Meets Monday

The Hamlin FFA Chapter met for a regular meeting Monday, Sept. 13. Officers in charge of the meeting were Jimmy Hawkins, president; Robert Moore, vice president; Tommy Ferguson, secretary; Randy Smith, treasurer; Mike Smith, reporter; and Donnie Jones, sentinel.

During the business meeting, committee chairmen for the annual program of work were appointed. The chairmen will select chapter members to work with them in preparing this year's program of work.

A film, "Breeding Better Corn" was shown. The annual educational trip was discussed. And the election of a chapter sweetheart was discussed.

After the business meeting, members enjoyed playing volleyball.

## To Attend Cisco JC

Three more boys from Hamlin have registered at Cisco Junior College for the fall semester that gets underway Sept. 16.

The boys and their parents are Larry G. Simpson, Mr. and Mrs. D. C. Simpson, Robert W. Pearce, Mr. and Mrs. Charles E. Pearce; and Robert F. Allen, Mr. and Mrs. W. R. Allen.

## Othel Butler Now At Fort Hood

Fort Hood, — Army Specialist Five Othel L. Butler, 25, son of Mr. and Mrs. Ira J. Butler, was assigned to the 2d Armored Division at Fort Hood, Tex., Aug. 23.

Specialist Butler, a machanic in Headquarters Company of the division's 17th Engineer Battalion, entered the Army in December 1959 and has served in Europe.

Butler attended Hamlin High School.

with 50 or 100 years from now when the time comes to rip out all the water pipes and put in new ones? You ever tried to put new pipes in a 40-story building? How many miles of city streets will have to be dug up to put in new water mains? I understand New York has a crew of 50 men doing nothing but going around town checking for water main leaks.

Instead of worrying about their own survival, small towns ought to be worrying about cities. You can lose a small town here and there without noticing, but you let a big city give up and have all the people move out and it'll overwhelm every small town within a 100-mile radius. If Hamlin is smart it'll start doing something to save Abilene.

Big cities remind me of some big farmers. In some areas of the country they've grown so big they've gone broke.

Yours faithfully,  
J. A.

## Services Held Here Monday for Tom Hill; Dies In Rotan

Services for Tom Hill, 93, were held here at the First Baptist Church Monday at 4 p.m. Mr. Hill, a resident on Route 2, Hamlin, since 1906, died at Callan Hospital in Rotan Sunday at 4 p.m. He had been hospitalized for 47 days.

Born Feb. 15, 1872, at Kemp, he was the son of the late Mr. and Mrs. John Hill.

He was married to Alpha A. Milner at Whitney Jan. 20, 1894. She died Sept. 8, 1949.

## Holiday Lodge Observes Nursing Home Week

Texas Nursing Home Week, Sept. 5-11, was observed here at Holiday Lodge last week.

Special entertainment was a part of the observance.

Thursday evening a string band from Stamford entertained the residents and a good number of visitors.

Friday morning the Hamlin High School Band gathered at the front of the building for a brief concert under the direction of Tim Jones.

On Tuesday last week Ruth Perryman, L. V. N. and Mrs. Mickey McGuire attended the

area meeting held in Abilene. Four junior high girls have organized a group called the Blue Checkers and they will do volunteer work at the Lodge about three afternoons each week.

The girls, Rochelle Kincaid, Peggy Jones, Grace Carter and Linda Witt, will later have blue checked uniforms. They are planning to fill water pitchers, visit with and read to the residents, do some letter writing and other things to make the residents happy and comfortable.

Mrs. G. W. Kincaid is sponsor for the group.

# Olney Stricks Early for 13-0 Win Over Pipers

A 75 yard opening kickoff return put the Pied Pipers in a hole that they never were able to recover from here Friday night as they lost to Olney, 13-0.

Halfback David Furr fumbled the opening kickoff around for awhile and then raced 72 yards to pay dirt with only 13 seconds gone on the clock. Olney picked up another score early in the second quarter on the only pass completed in the game.

The Pipers stayed in the ball game all the way but were unable to drive across a score. They managed to get down to the three late in the fourth quarter but could not make the threat good.

The Pipers controlled the ball most of the second half running 62 yards and four first downs to Olney's 27 yards and two first downs. Hamlin ran 53 plays in the ball game to Olney's 47.

Following Olney's opening score with Tackle Dale Jackson kicking the point after, Hamlin moved down to the Olney 30 before their drive stalled.

Neither team threatened during the balance of the first period with the teams exchanging punts and Hamlin recovering one fumble.

On the last play of the first quarter, Olney opened up their scoring drive that carried them 69 yards in 10 plays and the help of a 15 yard penalty against the Pipers. Quarterback Randy Barr passed to Furr for the score from five yards out. The extra point try failed.

Hamlin moved back to the Olney's 35 before giving up the ball on downs. Olney ran the ball back to the Hamlin 39 in eight plays with Hamlin taking over at that point.

Tommy Ferguson tried a long pass on the last play of the half only to have it intercepted by Barr who raced 68 yards to the double stripe but a holding penalty against the Cubs nullified the play and the two teams went into the dressing room with Olney owning a 13 point lead.

Hamlin worked the ball down to the Olney 42 following the kick off with James Ledbetter punting 40 yards to the Olney six. A penalty and lost yardage forced the Cubs to punt their own one with Hamlin taking over at the Olney 27. Hamlin failed to gain but two yards in four plays and Olney took over again at the 25.

Olney punted once and fumbled twice with Hamlin punting twice and ending up on the Olney 30.

Hamlin picked up two first downs and 25 yards in six plays. From this point the Olney defense stiffened and the Pipers were thrown back to the 13.

Olney ran the clock out to protect their 13 point lead.
